Introduction

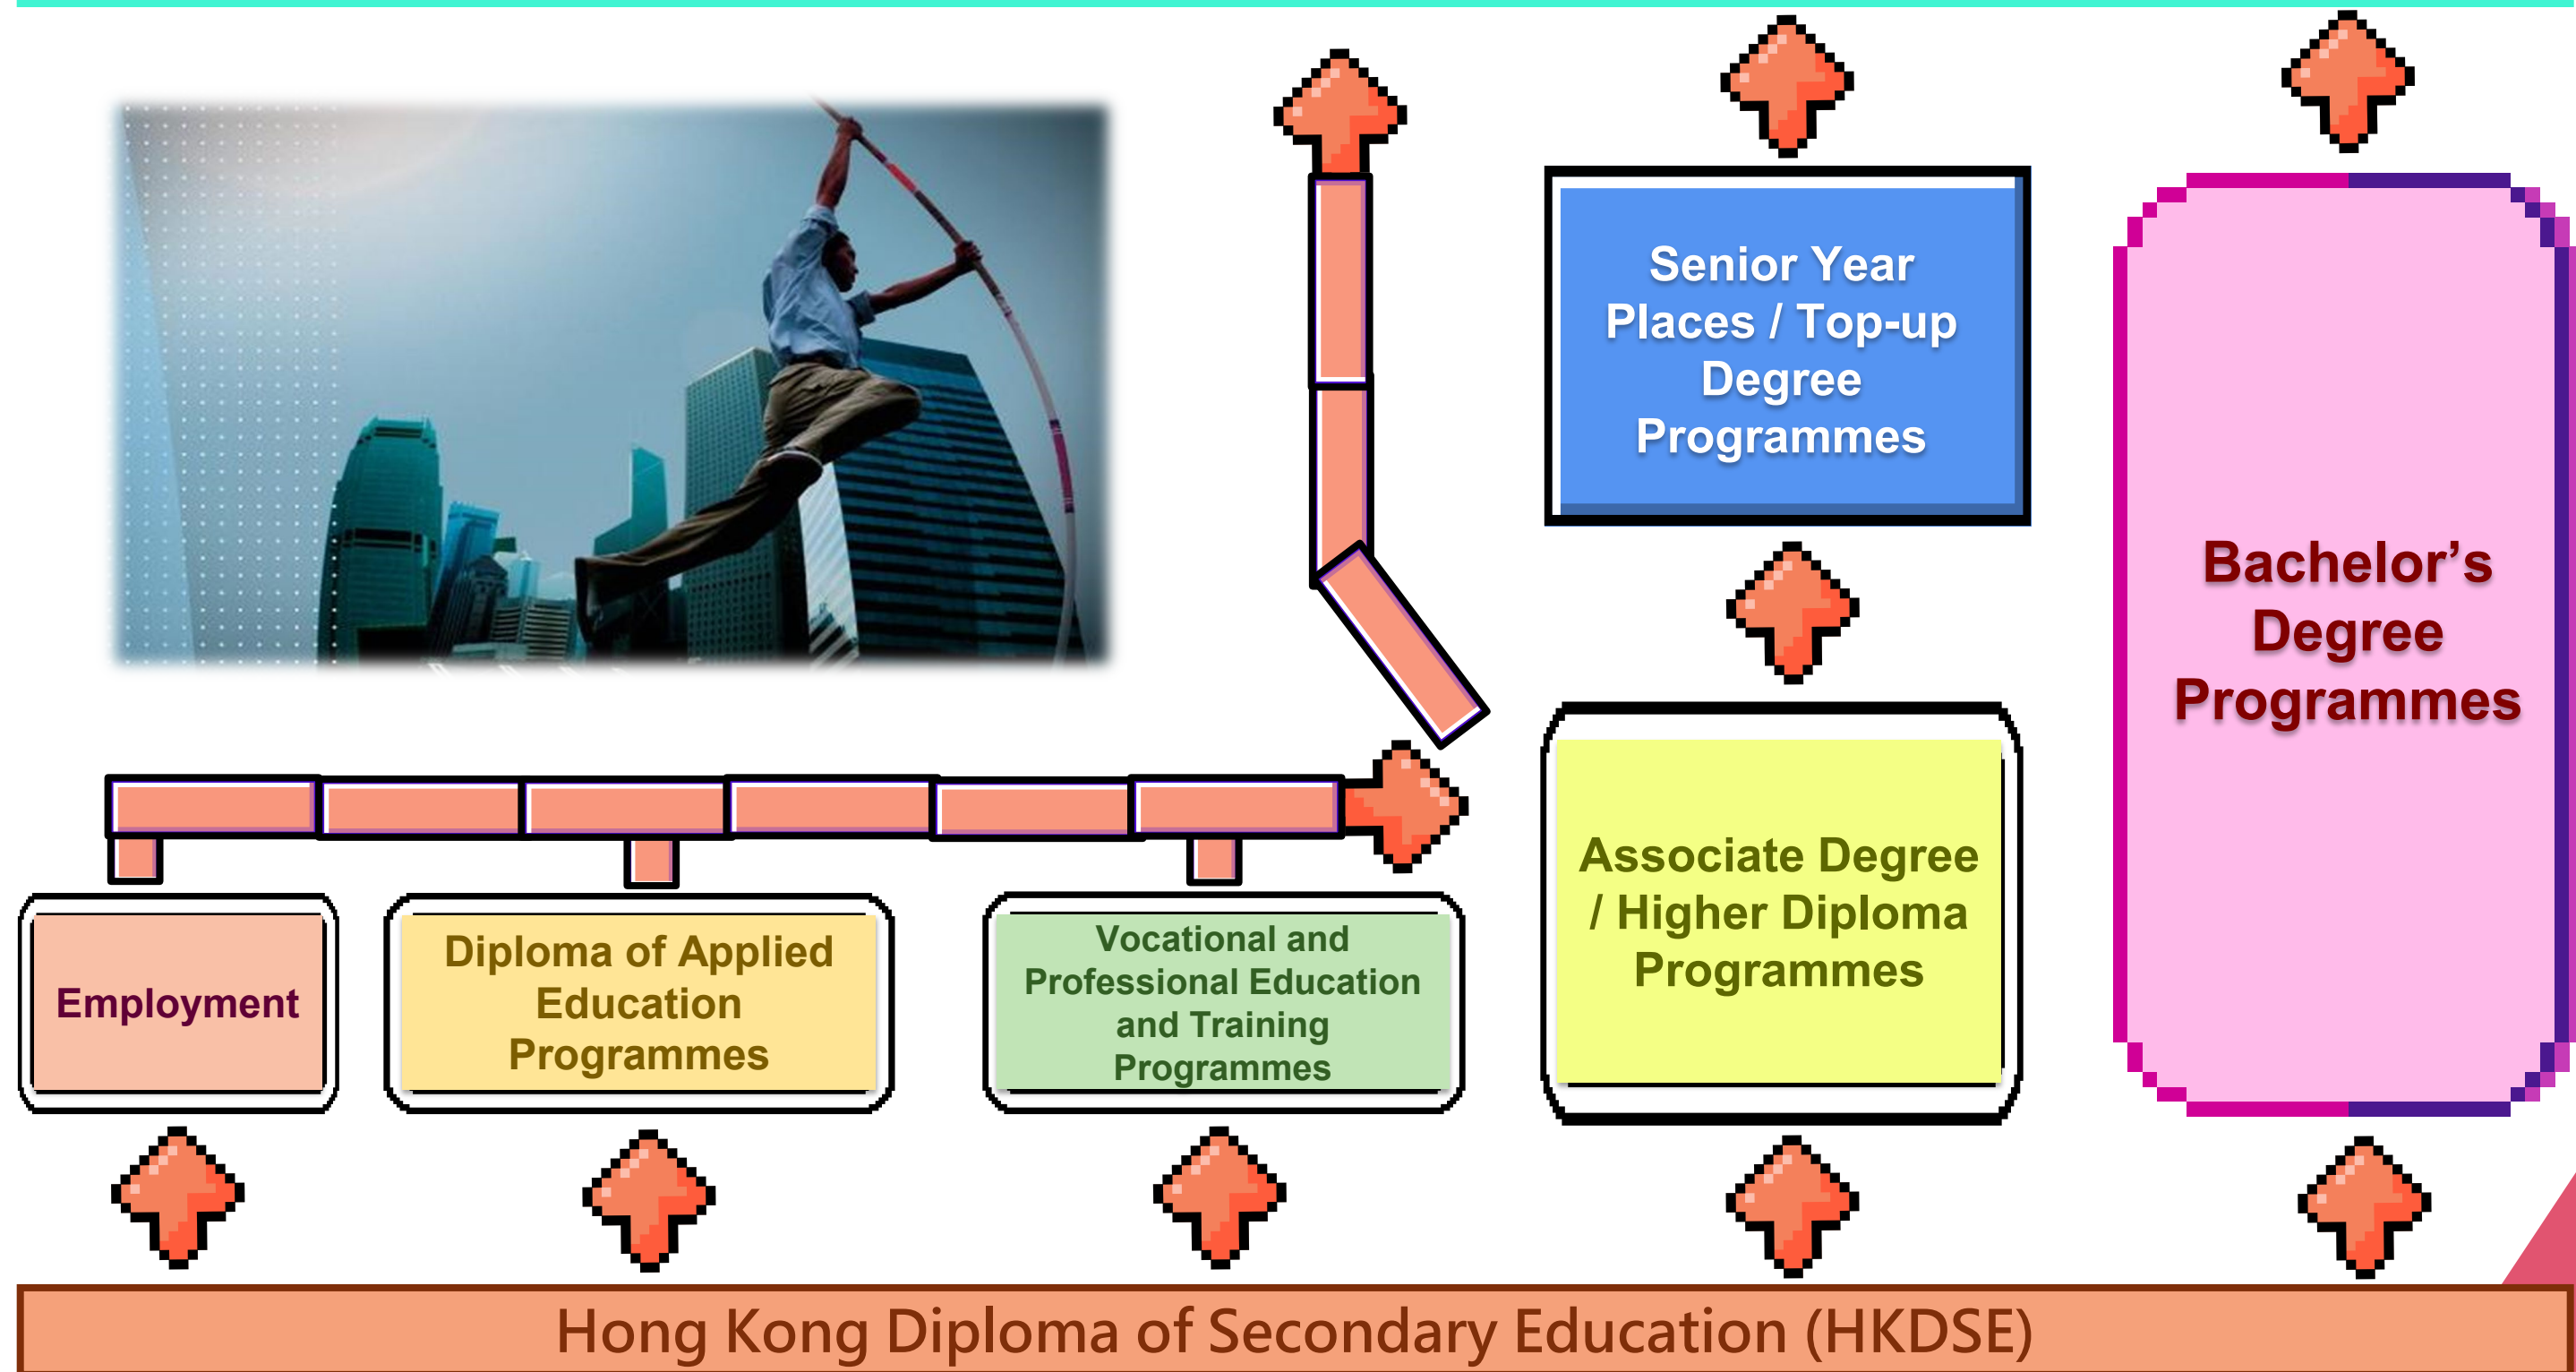

Post-secondary Education

- Parallel development of publicly-funded and self-financing institutions
- Provide quality, diversified and flexible articulation pathways with multiple entry and exit points for young people
- Among the relevant age group cohort, currently 55% of young people have the opportunity to pursue education at the Bachelor's degree level in Hong Kong. About 80% of them have the opportunity to participate in post-secondary education, taking into account sub-degree programmes

* Figures of intake places are provided by institutions for planning purposes. They are not the maximum intake quotas. Places include subsidised places under the Study Subsidy Scheme for Designated Professions/Sectors (including 3 305 Bachelor's Degree and 2 230 Sub-degree places).

+ The Education Bureau replaced Liberal Studies with the Citizenship and Social Development (CS) subject with effect from the 2021/22 school year, which has been implemented at Secondary Four. The first HKDSE Examination for the CS subject is administered in 2024 and the results will be reported either as "Attained (A)" or "Unattained".

& If one of the five HKDSE subjects is CS, the minimum entrance requirement would become "Attained" for CS and Level 2 in four other HKDSE subjects including Chinese language and English language. Besides, Level 2 in Mathematics Extended Part (Module 1 or Module 2) is also recognised as one of the five HKDSE subjects in fulfilling the minimum entrance requirement.

△ In the 2024/25 academic year, 138 Mainland higher education institutions participating in the Scheme for Admission of Hong Kong Students to Mainland Higher Education Institutions admit Hong Kong students based on their HKDSE results, hence exempting them from taking the Joint Entrance Examination for Mainland Institutions.

Figures may not add up to the total due to rounding.

^ No quota limits. In the 2022-23 programme year, there were around 3 100 trainees.

VPET

- Covering programmes up to degree level with a high percentage of curriculum consisting of **specialised contents in vocational skills** or **professional knowledge**
- Learning pathways recognised under the **Qualifications Framework**, with **quality assurance**
- Through **fostering industry-institution collaboration and diversified development**, VPET provides a pathway parallel to conventional academic education, providing diversified learning and employment opportunities for **young people**
- VPET is embedded within the secondary education curriculum in various forms, including Life Planning Education, Applied Learning, and Other Learning Experiences
- The Vocational Training Council launched the training and support scheme (Earn and Learn Scheme). Trainees will receive apprenticeship training under the “earn and learn” model alongside a guaranteed level of salary and an incentive allowance

VPET

- To further enhance the VPET learning experience, the Government has subsidised trainees under the Training and Support Scheme to take part in study and exchange programmes outside Hong Kong starting from the 2020/21 academic year, allowing them to attend short-term skills and practical courses as well as visit institutions/enterprises in those places, with a view to facilitating skills exchange and broadening their exposure
- The government has provided funding to implement a short-term learning programme titled “The GBA Explorer Trip” starting from the 2023-24 financial year, with a view to enhancing students’ overall understanding of the development of GBA as well as the study and employment opportunities therein

Non-means-tested Subsidy Scheme
for Self-financing Undergraduate
Studies in Hong Kong
(NMTSS)

Non-means-tested Subsidy Scheme for Self-financing Undergraduate Studies in Hong Kong (NMTSS)

Major Features

- Provides non-means-tested subsidy for eligible students (NOT including students studying programmes under SSSDP) pursuing full-time locally accredited local and non-local self-financing undergraduate (including top-up degree) programmes in Hong Kong offered by eligible institutions

Eligibility and criteria

- From the **2023/24 academic year**, the eligibility criteria have been rationalised to benefit students from **different backgrounds**, including those with VPET qualifications.
 - First-year-first degree programmes: regardless of whether they have attained the “332A” requirement in HKDSE
 - Top-up degree programmes: regardless of whether they hold relevant sub-degree qualifications

Subsidy amount and arrangement

- 2024/25 academic year: Maximum annual subsidy amount is up to about **\$34,000**
- The subsidy will be disbursed through eligible institutions during the normal duration of the programmes concerned

NMTSS Participating Institutions and Programmes

NMTSS will cover about 300 eligible full-time locally accredited local and non-local self-financing undergraduate programmes from 15 eligible institutions in the 2024/25 academic year.

Participating Institutions (2024/25 academic year) (as at April 2024)

Gratia Christian College	HKCT Institute of Higher Education	Hong Kong Art School
Hong Kong Chu Hai College	Hong Kong Institute of Technology	Hong Kong Metropolitan University
Hong Kong Nang Yan College of Higher Education	Hong Kong Shue Yan University	Saint Francis University
The Hang Seng University of Hong Kong	Tung Wah College	UOW College Hong Kong
Vocational Training Council - School for Higher and Professional Education	Vocational Training Council - Technological and Higher Education Institute of Hong Kong	Yew Chung College of Early Childhood Education

The background is a pixelated Super Mario Bros. style scene. At the top, a character with blonde hair, a green shirt, and black pants stands on a blue sky background with white and blue pixelated clouds. Below the character is a large, light blue rectangular box with a purple border. Inside the box, the text "Pilot Project on the Development of Applied Degree Programmes" is written in a pixelated font. The box has a white horizontal bar at the top and a purple horizontal bar at the bottom. Below the box, the ground is a red brick floor. On the left, there is a green tree. In the center, there are two brown brick blocks with green grass on top. To the right of the blocks is a small brown chicken. Above the chicken is a white speech bubble with three dots. On the far right, there is a white mouse cursor arrow pointing towards the chicken.

Education (Concourse)

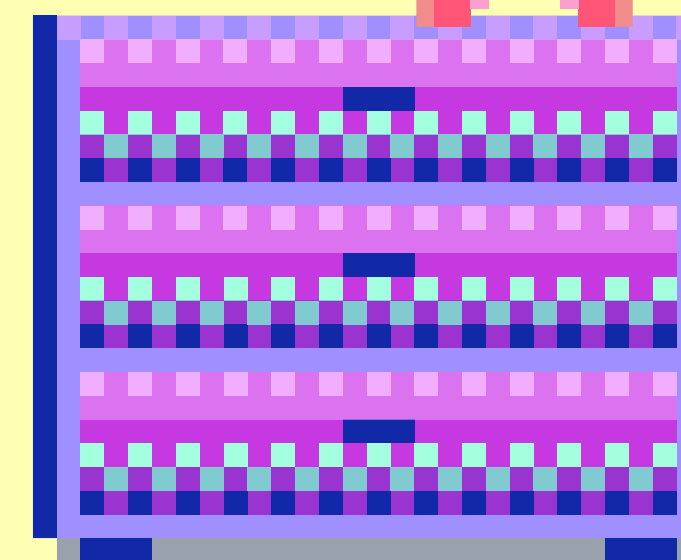

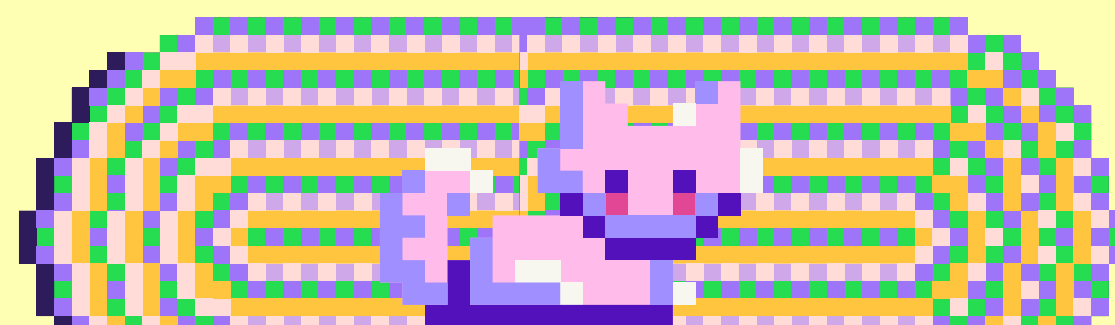

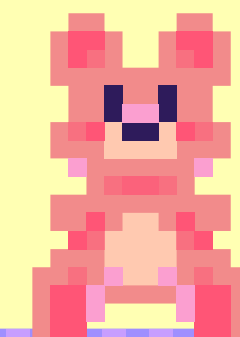

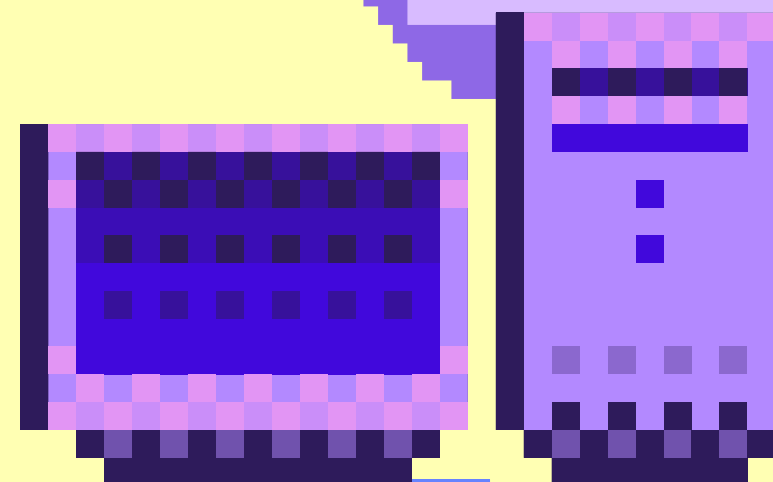

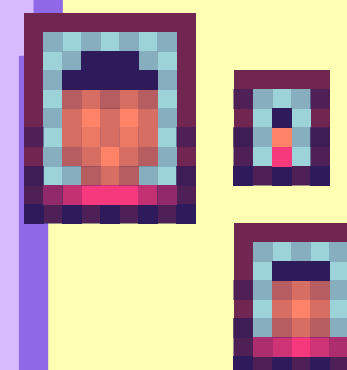

Concourse for Self-financing Post-secondary Education (Concourse)

- The first online information platform set up by the Committee on Self-financing Post-secondary Education (CSPE) for the self-financing post-secondary sector in 2013 (www.cspe.edu.hk)
- Provides comprehensive information and statistics on the sector, including related policy, government support measures, quality assurance, graduate pathways
- Provides information on self-financing institutions, such as campus facilities, application and admission arrangements, support services, scholarships and awards, planned intake figures, past admission scores, and related statistics, etc.

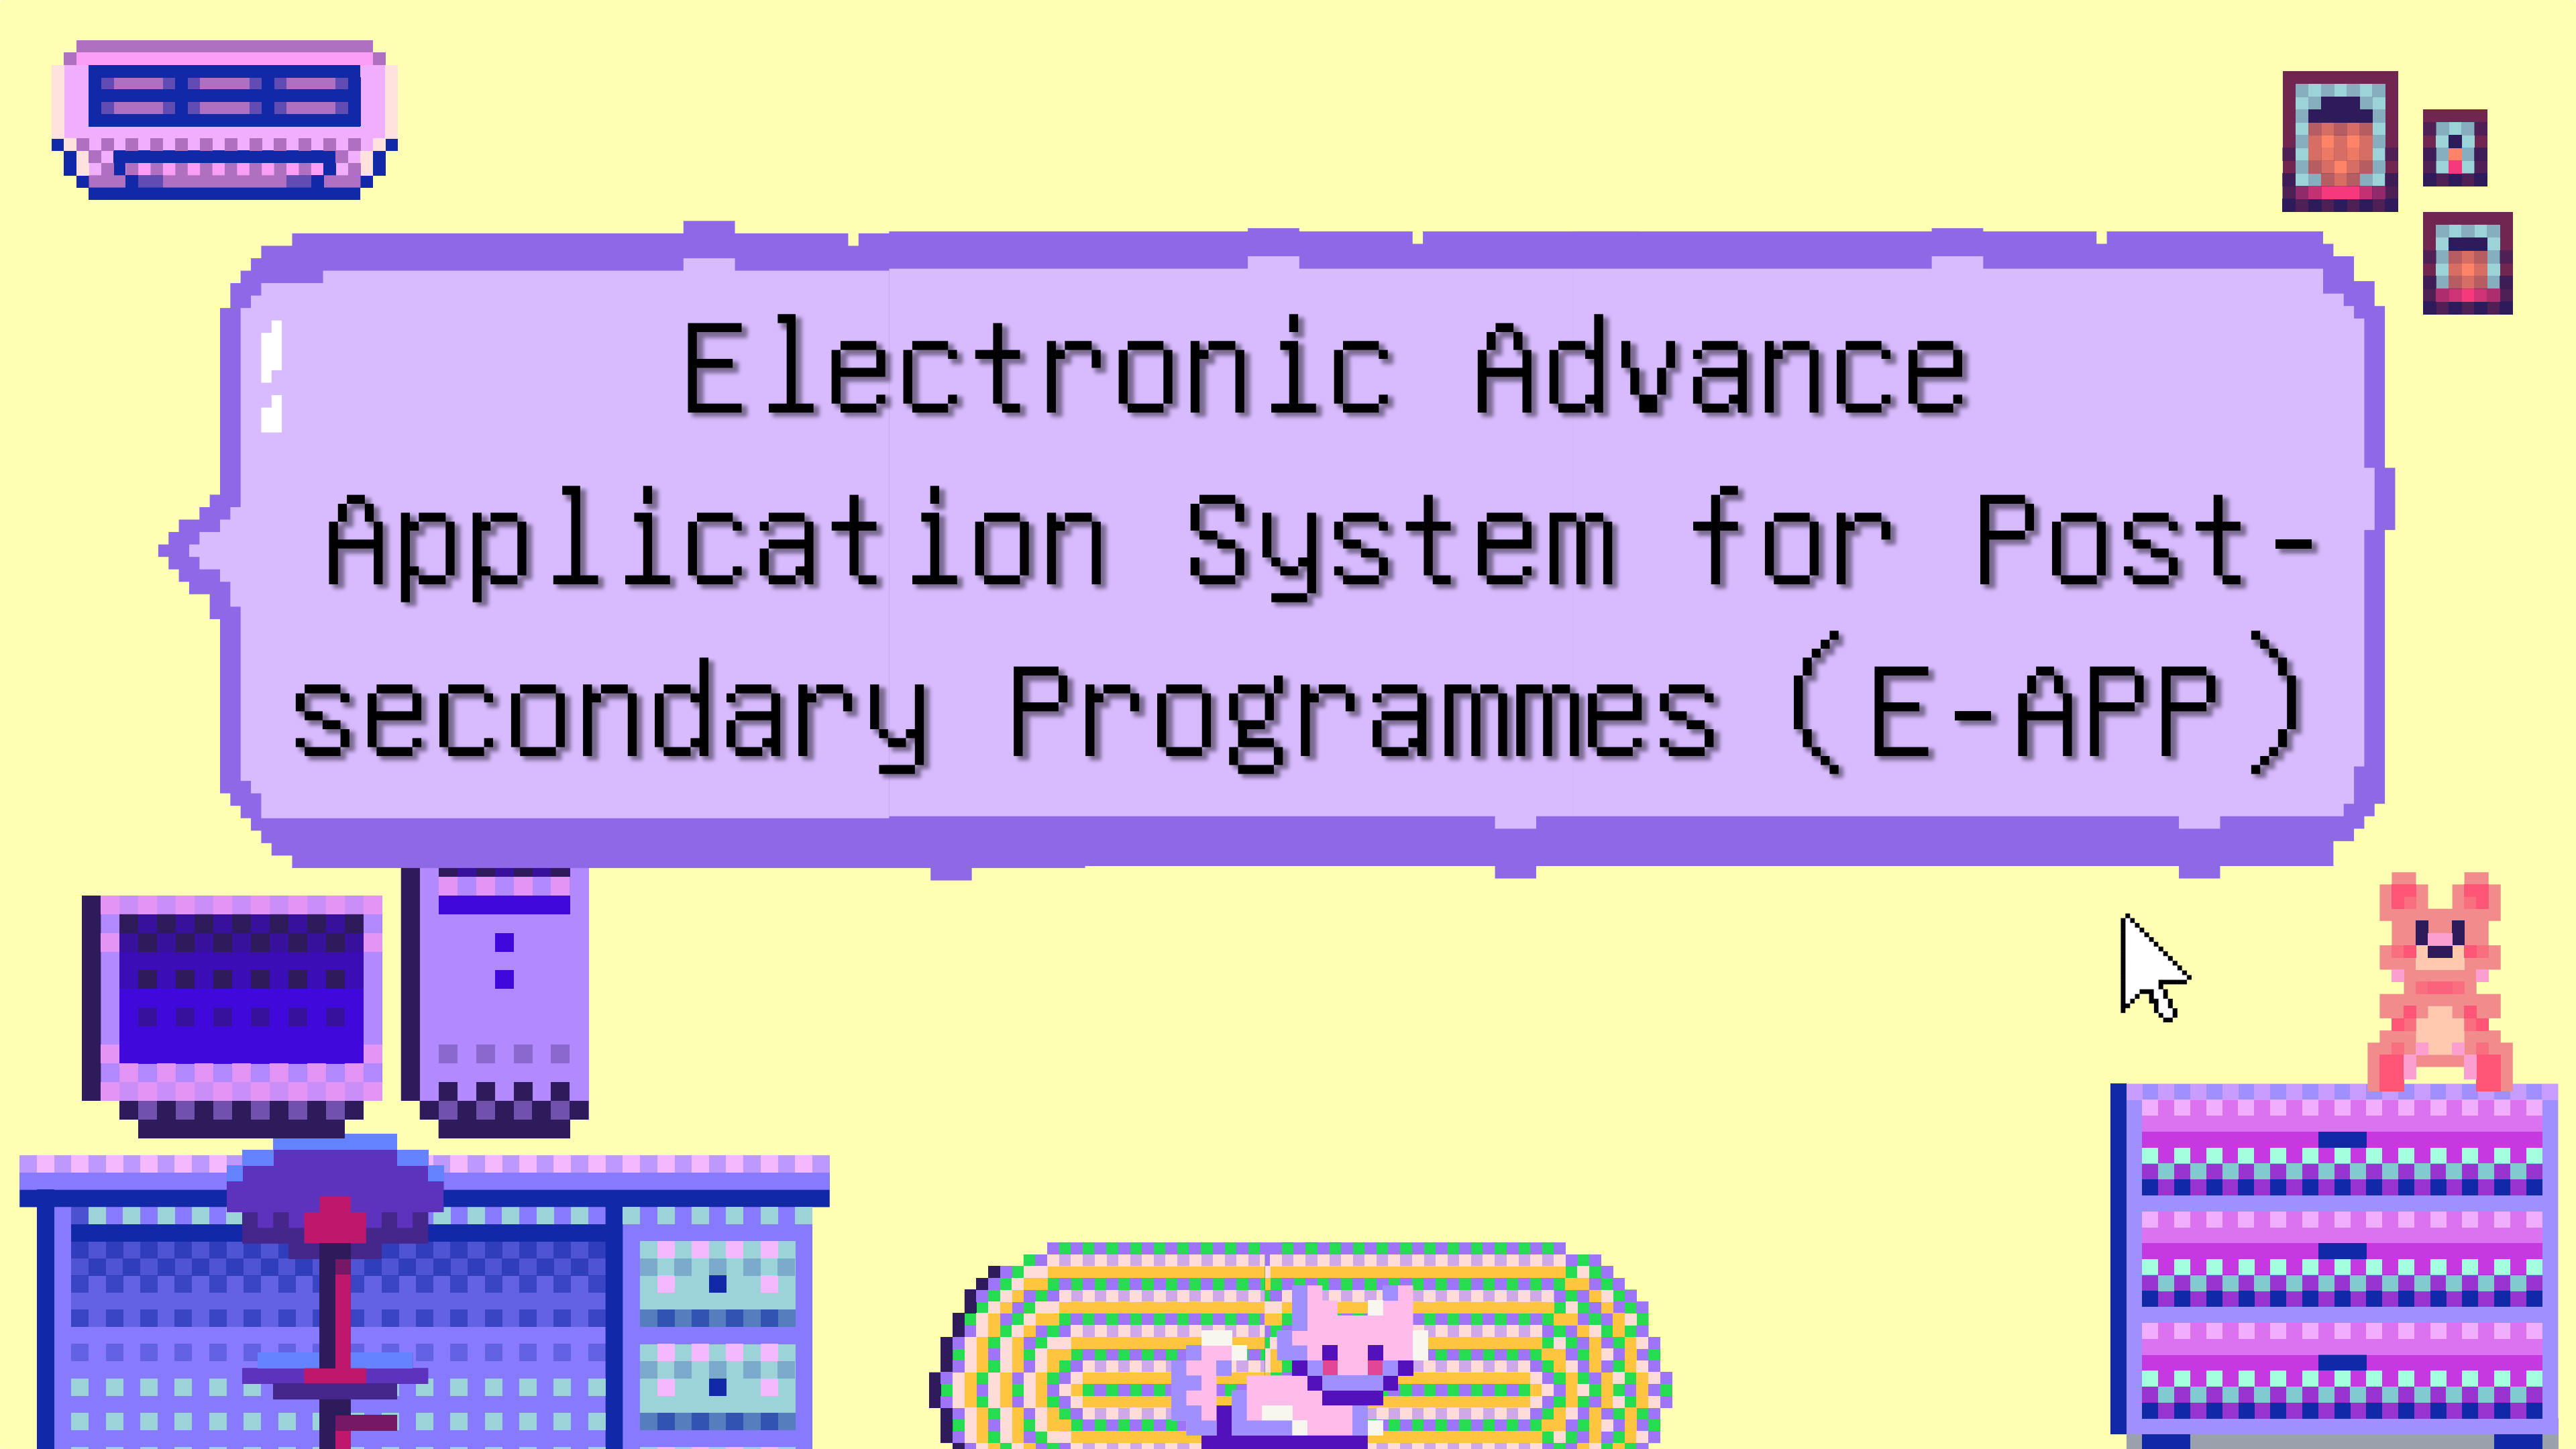

Information Portal for Accredited Post-secondary Programmes (iPASS)

Information Portal for Accredited Post-secondary Programmes (iPASS)

- iPASS (www.ipass.gov.hk) aims to enhance the sector's transparency and provide easy public access to programme information
- Allows search of information on the following programmes provided by post-secondary institutions in the 2024/25 academic year –
 - full-time locally-accredited higher diploma, associate degree and undergraduate programmes not covered by JUPAS
 - full-time UGC-funded degree programmes offering senior year places
 - self-financing top-up degree programmes

A screenshot of the iPASS website's search interface. At the top, there's a blue header with the text '課程搜尋' (Course Search) and a magnifying glass icon. Below this, the iPASS logo and '經評審專上課程資料' (Assessed Post-secondary Programme Information) are visible. The main search area includes a '學年' (Academic Year) dropdown menu set to '2018/19', a '到' (To) dropdown menu also set to '2018/19', and a search input field with placeholder text '例如：院校名稱、學科級別或類別等' (e.g., Institution name, Discipline level or category, etc.). There are also checkboxes for '學士學位課程' (Bachelor's Degree Programme) and '副學位課程' (Sub-degree Programme), with sub-options like '第一年學士學位' (First-year Bachelor's Degree), '銜接學士學位' (Transfer Bachelor's Degree), '教資會資助高年級學士學位' (IHK-funded senior Bachelor's Degree), '副學士學位' (Associate Degree), '高級文憑' (Higher Diploma), and '其他' (Other). A '搜尋' (Search) button is at the bottom right, and a '重設' (Reset) button is at the bottom left.

Electronic Advance Application System for Post- secondary Programmes (E-APP)

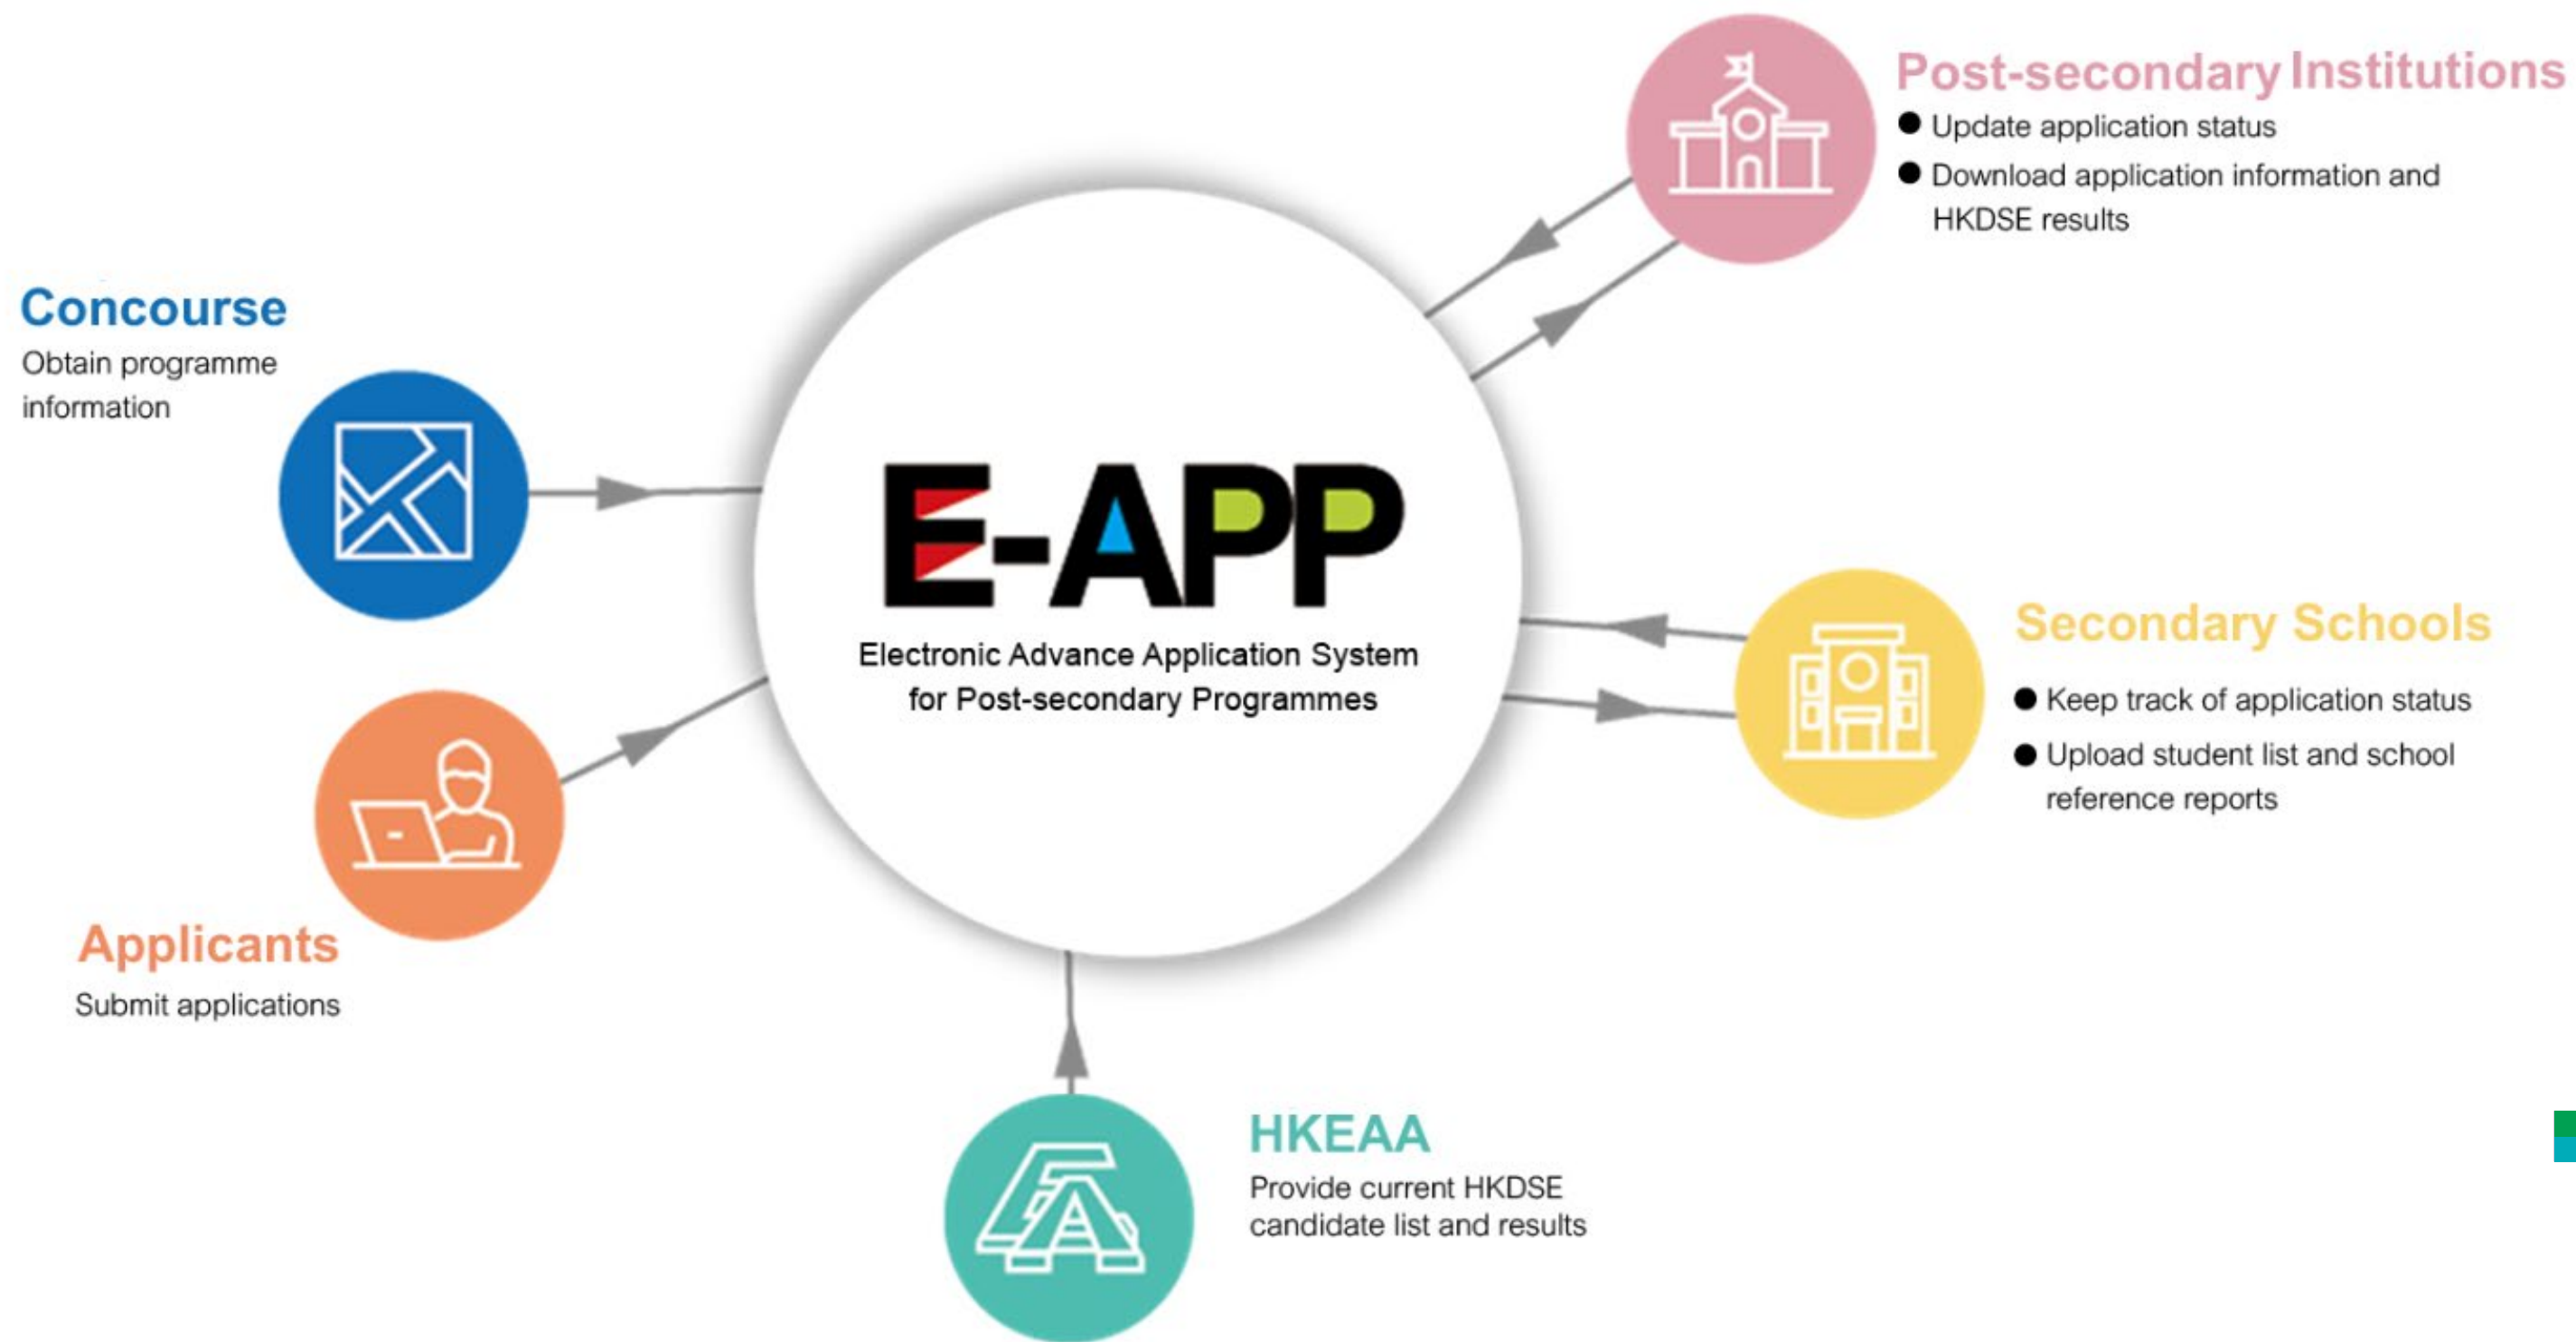

Electronic Advance Application System for Post-secondary Programmes (E-APP)

- Applicable to all candidates sitting for HKDSE in the current academic year
- Online application system for advance application for full-time locally-accredited sub-degree and undergraduate programmes that are **not covered by JUPAS** (www.eapp.gov.hk)
- Including sub-degree programmes under SSSDP and most of the eligible programmes under NMTSS

E-APP

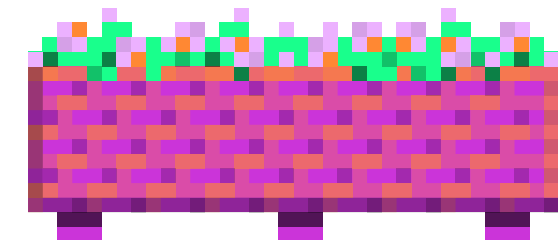

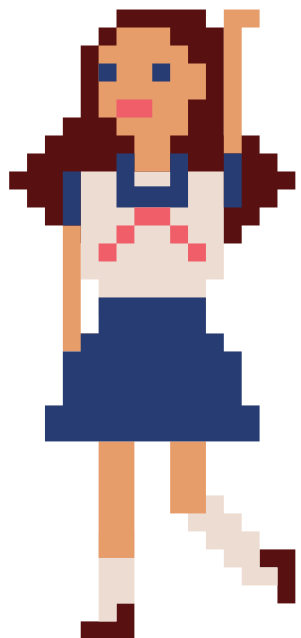

Mode of Operation of E-APP

Benefits of using E-APP

- One-stop online application system, with a smooth and efficient application process
- Applicants only need to fill out one application form
- Applicants may receive conditional offer(s) from institutions before the release of HKDSE results
- Upon the release of HKDSE results, E-APP will pass applicants' examination results directly to the institutions so that the institutions can confirm the offer as soon as possible
- Free of charge, apart from any application fees collected by institutions
