

Health Management and Social Care

**[applicable to the 2028 HKDSE Examination
and onwards]**

Technology Education Section
Curriculum Support Division
Education Bureau

Curriculum Aims

- ▶ Why do you need to study Health Management and Social Care (HMSC)?
 - ▶ Emerging health & social care issues and concerns in Hong Kong and around the world (e.g. ageing population) are posing new challenges to youngsters. HMSC students will be better prepared to meet these challenges if they are equipped with the necessary knowledge and skills in maintaining and promoting good health and well-being.
- ▶ What will you learn from HMSC?
 - ▶ HMSC is aimed at nurturing students to become healthy and caring citizens, and contribute to building up a caring and harmonious society. Students will carry out ‘field learning’ to strengthen their problem solving skills and apply the theories learnt in classrooms.

How can the subject help you prepare for your future?

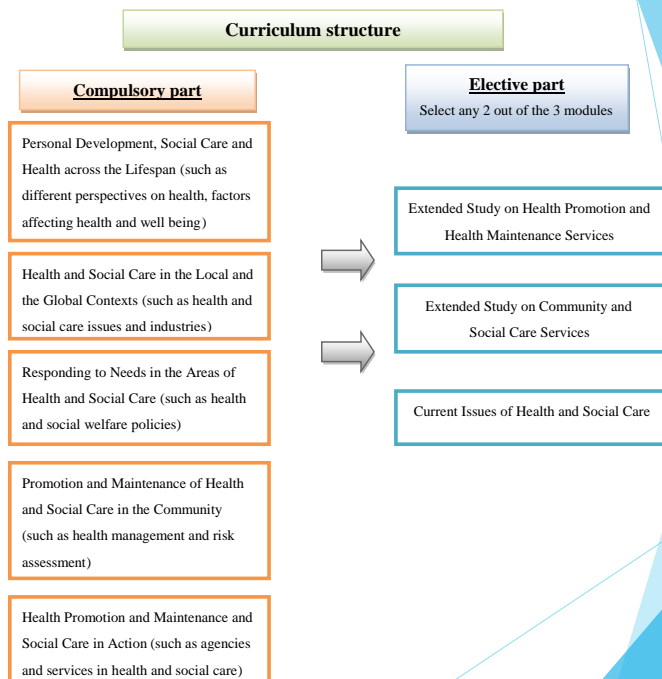

► Degree programmes related to HMSC:

- Students who want to pursue further studies related to HMSC may consider the following programmes: Medicine, Nursing, Social Work, Child Care, Psychology, Sociology, etc.

► Career prospects:

- After studying HMSC and other related degree programmes, students can pursue their careers as: doctor, nurse, social worker, psychologist, counsellor, welfare worker, health worker, etc.

Curriculum Framework

Assessment Mode

► How would you be assessed in HMSC?
